**To the Board of Directors of
San Diego Gas & Electric Company
Southern California Gas Company
San Diego, CA 92101**

We have performed the procedures enumerated below, which were agreed to by management of the San Diego Gas & Electric Company (SDG&E) and the Southern California Gas Company (SoCalGas) (collectively, the "Companies"), solely to assist the management of the Companies in evaluating the compliance of the accompanying 2015 Tables (the "2015 Tables" are included in the Companies' General Order No. 77-M Annual Report and consist of the Companies' Executive Officers and Employees with a Base Salary of \$250,000 or More Per Annum and Executive Officers of the Utility's Holding Company Summary of Compensation Table, 2015 Options Exercised and Stock Vested Table, 2015 Change in Pension Value and Above-Market Interest Table, and 2015 All Other Compensation Table) with subsections (a) and (c) of the Public Utilities Commission of the State of California's (the "CPUC") General Order No. 77-M (GO No. 77-M). Management is responsible for the Companies' compliance with those requirements during the year ended December 31, 2015. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed were not intended to address legal issues as to whether an item is required to be disclosed nor are they designed to address compensation disclosures required by GO No. 77-M subsections other than subsections (a) and (c).

For purposes of performing these agreed-upon procedures, no exceptions were reported for differences of \$1,000 or less resulting solely from the rounding of amounts disclosed.

The following procedures have been performed in relation to the 2015 Tables.

I. Summary of Compensation

Procedures Performed:

A. Column headed "Name" and "Title"

1. We agreed the "Name" of the executive officers of SDG&E and/or SoCalGas to a report extracted from Sempra Energy's MY INFO payroll system identifying employees with a 2015 base salary of \$250,000 or more except as noted below:
 - a. We agreed the "Name" of retired officer, namely, Robert M. Schlax, to the screen prints generated from Sempra Energy's ADP Enterprise HRMS System.
2. We agreed the "Name" and "Title" of the executive officers of SDG&E and/or SoCalGas to the Sempra Energy Annual Report. For non-officers and retired officers not included in the Sempra Energy Annual Report, we agreed the "Name" and "Title" to the MY INFO payroll system.
3. We agreed the "Name" and "Title" of the named executive officers of Sempra Energy Corporate to Sempra Energy's Notice of 2015 Annual Shareholders Meeting and Proxy Statement. See results below:

NAME	TITLE
Debra L. Reed	Chairman and Chief Executive Officer
Mark A. Snell	President
Joseph A. Householder	Executive Vice President and Chief Financial Officer
Martha B. Wyrsh	Executive Vice President and General Counsel
Steven D. Davis	Senior Vice President, External Affairs and Corporate Strategy

B. Column headed "Base Salary (\$)"

1. We agreed the "2015 Salary" to the Pay Rate History Report extracted from Sempra Energy's MY INFO payroll system. For the retired officer, we agreed his salary to Sempra Energy's ADP Enterprise HRMS System.

C. Column headed "Non Equity Incentive Plan Compensation (\$)"

1. We agreed the 2015 Non-Equity Incentive Plan Compensation to the award amounts approved by the Compensation Committee of the Sempra Energy Board of Directors and the SDG&E and SoCalGas Boards of Directors. We also agreed the award amounts to a report generated from the payroll system. For non-officers, we agreed the awards to a report generated from the payroll system.

D. Column headed "Stock Grants (\$)"

1. We agreed the date and quantity of performance-based and time-based restricted stock units granted in 2015 for each officer and non-officer to the Stock Options and Awards Granted report from Sempra Energy's Equity Edge system.
2. We recalculated the amounts reported in the "Stock Grant" column by multiplying the number of shares granted to each officer and non-officer by the grant date fair value per share. For restricted stock unit awards with a performance measure tied to total shareholder return, we used the grant date fair value per share as determined by Montgomery Investment Technologies using a Monte Carlo valuation Model. We noted that the number of shares granted to each participant is determined based on the lower of the grant date closing stock price and the Montgomery Investment Technologies Monte Carlo valuation model.

E. Column headed "Change in Pension Value and Nonqualified Deferred Compensation Earnings"

1. We agreed the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column for each of the Executive Officers and Employees to the total in the "2015 Change in Pension Value and Above-Market Interest for the Year Ended December 31, 2015" table found on page 3 of Section Titled: Executive Officers and Employees with a Base Salary of \$250,000 or More Per Annum and Executive Officers of the Utility's Holding Company.

The table above provides a breakdown of the amounts included in All Other Compensation. The amounts reported above are the amounts reported in the Sempra Energy proxy statement (p. 53) and the SoCalGas information statements (p. 26) plus amounts related to regular employee benefits (medical, dental, vision, life, etc).

**Southern California Gas Company
Narrative Statement Describing Compensation Elements
For the Year Ended December 31, 2015**

This narrative statement and the amounts reported herein generally follow the presentation included in the Sempra Energy proxy statement and Southern California Gas Company information statement prepared for their annual meetings of shareholders held on May 12, 2016 and May 25, 2016 respectively. In instances where amounts shown in this report differ from the proxy statement and information statement presentation, footnotes outlining the differences are provided.

1. Base Salaries

The executive compensation programs of Southern California Gas Company, San Diego Gas & Electric and Sempra Energy emphasize performance-based annual bonuses and equity-based long term incentive awards. However, base salaries remain a necessary and standard part of compensation for attracting and retaining outstanding employees at all levels.

Base salaries for executive officers are targeted at the median of those for the Fortune 500 companies with revenues between \$5 billion and \$20 billion ("general industry peer group"). Using national general industry comparisons helps attract and retain top-quality executive talent from a broad range of backgrounds.

Base salaries for executive officers are reviewed annually and the following factors are considered:

- Approximate mid-range of general industry peer group salary data
- Individual contribution and performance
- Labor market conditions
- Reporting relationships
- Company performance
- Retention needs
- Experience
- Complexity and importance of roles and responsibilities
- Succession planning
- Internal equity

2. Performance-Based Annual Bonuses

Each year, performance guidelines are established for annual bonuses. Consistent with the pay-for-performance philosophy, the guidelines do not provide for any bonus payment unless the threshold (minimum) performance level is attained. Bonus opportunities increase for performance above the threshold level. Performance at target is intended to result in bonuses at the mid-point of those for executives with comparable levels of responsibility at general industry peer group companies.

Potential bonuses at threshold, target and maximum company performance are expressed as a percentage of each executive officer's base salary. The target bonus potentials and percentages are consistent with the leverage typically found in bonus plans within general industry. Extraordinary company or individual performance may result in the payment of bonuses above the guidelines.

For a detailed description of individual bonus opportunities, performance measures and 2015 results, please refer to pages 38-42 of the Sempra Energy proxy statement and pages 13-16 of the SoCalGas information statement.

3. Long Term Equity-Based Incentives

Long term equity-based incentives are the largest single component of each executive officer's compensation package. In 2015, the long-term incentive plan award was in the form of performance-based and time-based Sempra Energy restricted stock units. (Sempra Energy executive officers and Mr. Arriola did not receive time-based restricted stock unit awards.)

This award structure was determined after considering many variables. These included alignment with shareholder interests, plan expense, share usage and market trends.

For the Year Ended December 31, 2015

Performance-based restricted stock units:

Each performance-based restricted stock unit granted in 2015 represents the right to receive between zero and 2.0 shares of Sempra Energy common stock. The 2015 performance-based restricted stock unit awards are based on two performance measures – relative total shareholder return and earnings per share growth.

For a detailed description of the performance measures and results for the 2011-2014 and 2012-2015 award cycles, please refer to pages 42-45 of the Sempra Energy proxy statement and pages 16-20 of the SoCalGas information statement.

Time-based restricted stock units:

Time-based restricted stock units granted in 2015 vest at the end of three years, subject to continued employment through the vesting date. The primary purpose of these awards is to promote retention.

Benefit Plans

Executive officers also participate in other benefit programs including: 1) Health, Life Insurance and Disability Plans; 2) Retirement Plans; 3) Savings and Deferred Compensation Plans; and 4) Other Benefit Programs.

1. Health, Life Insurance and Disability Plans

Executive officers participate in life, disability, medical and dental insurance group plans that are available to virtually all employees. These are common benefits essential to attracting a high-quality workforce.

In addition to the basic group plans, certain executive officers also participate in the following:

- A Medical Insurance Plan providing up to \$20,000 (the annual aggregate maximum) in additional coverage for medically necessary care for the officer or covered dependents. This plan was closed to new participants in 2012.
- A Life Insurance Plan providing additional life insurance death benefits (two times base salary and bonus for active employees and one times base salary and bonus for retired employees). This plan was closed to new participants in 2012.
- A Long Term Disability Plan providing additional protection upon disability (60% of base salary and average bonus) and restoring benefits otherwise capped under the company's basic Long Term Disability Plan.
- An annual executive benefit program allowance which may be used to cover out of pocket costs for health and welfare benefits as well as certain other costs. This benefit is not provided to officers who participate in the executive Medical Insurance Plan and Life Insurance Plan described above.

When executive officers retire, they continue to participate in the health insurance plans generally provided to virtually all employees.

2. Retirement Plans

Executive officers participate in the Cash Balance and some participate in a Supplemental Executive Retirement Plan (SERP).

The Cash Balance Plan is a tax-qualified pension plan available to most employees. Executive officers who are not SERP participants also participate along with numerous other employees in a Cash

Narrative Statement Describing Compensation Elements
For the Year Ended December 31, 2015

Balance Restoration Plan. This plan restores the benefits that would have been payable under the Cash Balance Plan but for Internal Revenue Code limitations on tax-qualified plans.

The Supplemental Executive Retirement Plan provides executive officers with retirement benefits based on the executive's final average pay, years of service, and age at retirement. SERP benefits are reduced by benefits payable under the broad-based Cash Balance Plan.

Each plan uses only base salary and annual incentive bonuses in calculating benefits. The value of long term incentive awards is not included.

Retirement, savings and deferred compensation plans, in general, and the SERP in particular, are important elements of an overall compensation package. This package is designed to recruit and retain executive talent, especially mid-career executives, and to retain longer term executive participants. Supplemental retirement plans, together with savings and deferred compensation plans, are common benefits within Fortune 500 companies.

3. Savings and Deferred Compensation Plans

Executive officers, together with most other employees, also participate in a broad-based, tax-qualified 401(k) Savings Plan.

Employees may contribute a portion of their pay to the plan for investment on a tax-deferred basis. The companies match one-half of the first 6% of the employee's contributions. In addition, employees receive a "stretch match" equal to one-fifth of the next five percent of the employee's contributions.

Executive officers also may defer up to 85% of their base salary and bonus under a Deferred Compensation Plan. These deferrals may be directed into funds that mirror the investments available under the 401(k) Savings Plans, including a Sempra Energy phantom stock account, or into a fund providing interest at the greater of 110% of the Moody's Corporate Bond Yield or Moody's plus 1%. Deferred compensation plan participants receive company matching contributions that would have been provided under the 401(k) Savings Plan, but for maximum dollar limitations on amounts that may be deferred under tax-qualified plans. Deferred compensation plan matching contributions mirror the basic company matching contribution made for other employees under the 401(k) savings plan, but to not include the "stretch match."

4. Other Executive Benefits Programs

Other typical benefits are provided to executive officers. The level and types of these benefits are reviewed each year to ensure that they are reasonable and important in attracting and retaining executive talent. These benefits include financial planning services and excess personal liability insurance.

5. Regular Employee Benefits

The SEC's proxy rules, for the most part, do not require reporting of broad-based employee benefit plans such as those providing medical, dental, life or disability coverage. However, amounts related to broad-based pension benefits and the 401(k) savings plan are discussed in the Compensation Discussion and Analysis and reported in the executive compensation tables.

The companies' flexible benefits plan allows employees to select the types and levels of benefits that best meet their needs and those of their families. Benefit options include:

- Medical plans (choice of HMO's and a high-deductible health plan)
- Dental plans (choice of Delta Dental plan and dental HMO)
- Long-term disability coverage

Southern California Gas Company
Narrative Statement Describing Compensation Elements
For the Year Ended December 31, 2015

- Life insurance
- Accident insurance
- Healthcare, Dependent day care and Transportation flexible spending accounts
- Vacation buy and Vacation sell

Each benefit option has a price tag reflecting the employee's cost for coverage. The amounts shown in the Regular Benefits column of the All Other Compensation table in this report reflect the portion of the benefit costs paid by the companies.

In addition to the flexible benefit plan, the companies also provide short-term counseling and referral services under the employee assistance plans and various wellness programs.
