2. When did SoCalGas first provide ORA with the 2017 actuals for Damage Credits?

SoCalGas Response 02:

SoCalGas provided ORA 2017 adjusted recorded operating costs by workpaper group in the form of an Excel workbook on March 16, 2018. Damage credits were embedded within the 2017 adjusted recorded expense levels. A copy of this Excel document is attached to this response. See attachment ORA-SCG-165-DAO_Q2. The Excel document contains a sheet labeled “raw data,” which provides the breakdown of costs by workpaper number and title. The Main Maintenance workpaper (2GD000.003) is broken down between “Base” and “Adjustment” expenses. The “Adjustment” is mainly the Damage Credits for main maintenance.

3. If SoCalGas provided 2017 actuals for Damage Credits to any other Party, please identify that Party and state when the information was provided.

SoCalGas Response 03:

As discussed in the response to Question 2 above, SoCalGas provided the 2017 adjusted recorded operating costs by workpaper group to ORA on March 16, 2018. No requests were made by any other party to provide Damage Credits, for the year 2017. SoCalGas also provided 2017 adjusted recorded operating costs by workpaper group to TURN on March 22, 2018.
