

BEYOND THE METER CONTRACTORS

(For Mobile Home Park Owners/Managers)

SoCalGas and Southern California Edison Company (SCE) have developed this contractor list for your convenience only. Contractors are listed below because they elected to provide their contact information and not because they hold any particular license or certification. Contractors are listed in alphabetical order for convenience only. You are under no obligation to choose a contractor on this list and we encourage your own research and due diligence to obtain multiple bids or quotes for a beyond-the-meter contractor.

The selection of a contractor is the sole responsibility of the customer. Neither SoCalGas nor SCE endorse, recommend, qualify, guarantee, or make any representation, covenant, or warranty regarding the qualifications, licensure, quality, safety, financial stability, value, cost, or performance of any contractor listed, the products or services they offer, or warranties related thereto. Neither SoCalGas nor SCE shall be a party, beneficiary, indemnitor, or guarantor under any contract for beyond-the-meter work.

The list of contractors and information regarding such contractors may be updated from time to time. Customers wishing to receive the most current list should contact Brittany Paul at bpaul@socalgas.com.

A check mark below indicates whether the contractor can do electrical work or natural gas work.
These contractors can receive direct payments from Edison or SoCalGas.
